

Meet Our Founder Dionne Roache-Beckford, RN

16+ Years of Clinical Expertise

As an experienced RN, Dionne founded Consano to address a critical need: delivering care that restores dignity and actively prevents unnecessary hospitalizations.

She built Consano on a gold-standard RN-Led Model where every care plan is nurse-designed and professionally supervised.

Our commitment is simple: Medical Excellence + Genuine Compassion. We ensure the highest standard of safety, comfort, and respect for every client.

✦ *"Because exceptional care begins with clinical insight and genuine compassion."*
